

KEERTHY SAJI

✉ keerthysaji98@gmail.com ☎ 8891958788 📍 Ernakulam, India

PROFILE

Enthusiastic tech student with a solid foundation in programming, teamwork, Office Work and project execution. Driven by curiosity and a desire to build solutions that make a real impact.

EDUCATION

BACHELOR OF COMPUTER APPLICATIONS,

2023 – Present | Ernakulam, India

BPS College, Piramadam

Developing core knowledge in computer science concepts including algorithms, networking, and application development. Engaged in hands-on projects that enhance coding abilities and real-world understanding of technology.

SKILLS

Programming Languages: — C, C++, Java, Python, JavaScript, PHP, **Web Development:** — HTML, CSS, JavaScript, Node.js, React, Django, **Database:** — MySQL, MongoDB(Atlas), **Tools:** — VS Code, GitHub, XAMPP, Postman, **Core Skills:** — Problem Solving, Debugging, API Development, Full Stack Basics

PROJECTS

Main project, Novalearn (*Learning management System*)

12/2025 – 03/2026

A web-based Learning Management System designed for university students to manage academic resources and course activities. The system includes modules for student login, teacher access, and admin management.

Tech stack: HTML, CSS, Javascript , Python, MySQL

Mini project, Litloop (*online book purchasing platform*)

06/2025 – 09/2025

An online platform designed for buying and selling books at affordable prices. The system allows users to browse books, participate in book auctions, and purchase books easily. It aims to create a convenient and cost-effective marketplace for book lovers.

Tech stack: HTML, CSS, PHP, MySQL

PortFolio 🌐 , Recently built and deployed my portfolio website as part of my journey into full-stack development.

Tech Stack: HTML, CSS, JavaScript, Bootstrap

Notes App 🌐 , Full Stack CRUD Application

Built a full-stack Notes application that allows users to create, read, update, and delete notes using REST APIs connected to a MongoDB database.

Tech Stack: Node.js, Express.js, MongoDB, JavaScript, HTML, CSS

PROFESSIONAL EXPERIENCE

Full Stack Internship,

04/2026 – Present

Full Stack Development Intern – Incodevision

Currently building and working on full-stack web applications using Node.js, Express.js, MongoDB, and frontend technologies.

LANGUAGES

English, Malayalam

COURSES

Python basics, *online (NPTEL)*

01/2026 – 02/2026

Programming in C++, *Gtec institution*

2022 – 2022 | Ernakulam, India

CERTIFICATES

IBM workshop Participation

organised by the ICT Academy of Kerala in association with IBM Software

INTERESTS

Learning new programming technologies, Web application development, Exploring software development tools.
